Appropriate behaviour

Supporting You
Appropriate behaviour

At university you will be treated as an adult and therefore we have an expectation that all students will act in a mature manner and take self-responsibility with support where needed. We always aim to discuss concerns with students when they arise and work to resolve issues in a relatively informal way but you should expect to be held accountable for your actions – as detailed within the student regulations – if appropriate. We would therefore ask you to:

• Respect those you are living with both on and off campus and keep within the regulations.
• Think about the impact your words may have and treat others as you would wish to be treated yourself. We do not tolerate harassment or discrimination in any form.
• Within the academic environment remain open to different opinions and ideas; discuss and debate but don’t dismiss others views.
• Manage your health and wellbeing and maintain a balanced lifestyle.
• If you choose to drink alcohol, drink responsibly. Consider the health and social impact of alcohol consumption and be aware of areas of campus that are alcohol free zones.
• The College does not tolerate misuse of drugs or other substances and we work to address suspected substance abuse.
• Respect our campus environment and help us keep it safe and secure for the whole community.

We are happy to discuss any of these issues with students at any time. If you have been a victim of inappropriate behaviour, are concerned about a friend, or have questions yourself or wish to seek advice please contact us at wellbeing@royalholloway.ac.uk
