

**ROYAL HOLLOWAY
University of London**

REGISTRATION OF LASER

LASER DETAILS

Make and Model

Serial Number

Type, e.g. He-Ne, Ga-As, Ruby etc

Mode, e.g. CW, pulsed, Q-switched

Pulse duration

Repetition frequency

Wavelengths used

Max power output

Beam diameter

Beam divergence

Brief description of use

Used as screen pointer in lectures

Department

Person responsible

Laboratory where used

FOR OFFICE USE

Class

Date inspected

Signature

Observations
