

Installing the RePlay software on your computer

Step 1: First you need to link your Moodle course to the RePlay service ([see separate instructions](#)).

Step 2: Then download the recorder from the Panopto block in your course - link at the bottom of the block:

Step 3: Follow the on-screen instructions to install the Panopto recorder. When you reach the following screen, select 'Log in with Moodle VLE':

Once installed, you will be able to make your own recordings, following [these recording instructions](#). The recordings will automatically be stored on your computer's hard

drive, and you will be given the option to upload the recording to your course folder for delivery via Moodle.

NB: Moodle course users should [link their course to the RePlay service](#) before running the software. If you do not have a Moodle course then you will need to contact the [IT Service Desk](#) to arrange for the RePlay service to be installed.
