

# Research Theme workshop

## Health, the Human Body and Behaviour, 30 April

Dear Colleagues

As part of the new Royal Holloway Research Theme, [Health, the Human Body and Behaviour \(H2B2\)](#), we are organising the first in a series of internal workshops to bring together research teams across the College, and disseminate knowledge of RH activity in this area. This event will take place on the afternoon of **30 April**. Please contact Research Theme Champions, [George Dickson](#) or [Mark Exworthy](#) for further information. Please get involved.

### Participation

Please [respond by email](#) if you would like to give a **short oral presentation** to summarise your research (5 mins, maximum 5 slides) or are able to **bring a poster(s)** or simply to **attend** the event.

### Event programme

12.15 - 12.45

Sandwich lunch - Bourne Foyer

12.45 - 14.30

Selected oral presentations (5+3 mins each) – BLT2

14.30 - 15.45

Tea and coffee – Bourne Foyer

15.45- 17.30

Selected oral presentations (5+3 mins each) – BLT2

17.00 – 19.00

Poster session with refreshments and light buffet – Bourne Foyer

### Workshop outcomes

- Valuable two-way communication, feedback and advice on the H2B2 initiative.
- Wide understanding of the depth and breadth of H2B2 research at RHUL.
- Identification of existing and new H2B2 research sub-themes with strength and critical mass.
- Improved dissemination of H2B2-relevant funding calls (eg NIHR, RCUK, Wellcome, EU).
- Enhanced ability to engage in collaborative research networks and consortia

**Please circulate this email to colleagues who might be interested.**
