The Bee Walk

Distance
1.6km

Time (approx.)
20 minutes

Steps (approx.)
2,300

Level of intensity
Low – a good walk for beginners and those in need of a short walk to fit into lunch breaks.

Point of interest
A number of our academics monitor bee populations to find out more about them—take a look at one of the hives on this walk five minutes after Jane Holloway hall as you enter the meadow on the left.

Disclaimer note: Please ensure you wear suitable footwear when walking the routes provided and be aware of ongoing building work and traffic around the campus. For information regarding accessible routes on campus please contact the Disability Services.
