### TERM 3 ASSESSED COURSEWORK

Other deadlines for Term 3 coursework assessments, aside from those noted above, remain in place. However, please note that:

- a) The cap on applying for 5 working-day extensions has been lifted across the College, meaning that **all students who wish to can have an extra week to complete any remaining Term 3 coursework** (but must submit an application on the extensions system to do so. There is no need to provide evidence for a five working-day extension)
  
- b) Any student who is particularly affected by the current situation is encouraged to submit an application for **a ten working day extension for Term 3 assessments**. This need not simply be for medical reasons. We have stressed to the Extensions team in Student Admin the importance of treating these requests sympathetically in terms of evidence and rationale.
