ADMISSION TO THE COLLEGE

1. Admissions requirements

- (1) In order to be admitted as a student of the College, an applicant must:
 - (a) be at least 16 years of age on the published start date of the course;
 - (b) satisfy or be exempted from the General Entrance Requirements set out in the College Course Finder or in the case of collaborative provision set out in the equivalent document of the partner institution;

- (c) be demonstrably proficient in spoken and written English to the satisfaction of the College before commencing the course of study;
- (d) satisfy or be exempted from additional entrance requirements where prescribed for individual courses.

Qualifications presented for consideration must be in approved subjects, and there may be restrictions against the combination of certain overlapping subjects. An applicant who has already obtained an Honours Degree or an Integrated Masters Degree will only be admitted to a course which the College has judged to be sufficiently different from that already completed.

- (2) Applicants who do not possess the normal qualifications for entry or applicants with qualifications or credit at tertiary level, or other relevant qualifications or experience may be considered for admission under the provisions of Section 2.
- (3) Applicants will be asked to give details of any disability or Specific Learning Difficulty so that the College, or in the case of collaborative provision the partner institution, can advise them provisionally on the level of support available. Information provided for this purpose will play no part in assessing an application for admission to the College.
- (4) Applicants for admission to courses leading to the award of a professional qualification or membership of a professional body will be required to declare unspent and/or spent convictions as specified in the relevant course specification. The decision on whether to accept an applicant will be based firstly on academic requirements, and secondly on the risk posed to staff and students. Applicants admitted to such courses who have failed to disclose criminal convictions will be subject to disciplinary action as will those who fail to disclose any criminal convictions as required which arise during their course of study.
- (5) A contract is formed between the College and the applicant as soon as the offer of admission to the College has been accepted. Acceptance of an offer is expressly subject to the terms of this contract, which include the requirement that students will comply with the conditions of enrolment with the College. In the case of collaborative arrangements there may also be a contract between the partner institution and the applicant.
- (6) Any person, including students of other universities, may seek admission to the College as a Visiting Student to follow an agreed diet of modules which does not lead to an academic award. The rights of Visiting Students to attend classes, submit work for assessment and use College facilities will be stated either in an exchange agreement between the College and the student's home institution or in the student's formal offer of admission.

2. Recognition of Prior Learning

- (1) In assessing an applicant who do not possess the normal qualifications for entry, the College will seek evidence that s/he:
 - (a) can study at the required level;
 - (b) has achieved the specific learning outcomes, including professional competencies and proficiency in spoken and written English, required for admission to the course;
 - (c) has a broad general education.

The College may set qualifying examinations where it is not satisfied that prior learning has been verified through reliable and valid assessment.

- (2) Applicants with accredited prior learning deemed acceptable to the College may be admitted directly to the second stage of a three or four stage undergraduate course of study, the third stage of an MSci or MEng course of study, or the first year of the two stage LLB (Senior Status) course of study.
- (3) Except in exceptional circumstances or as part of an institutional agreement applicants will not normally be considered for direct admission to the third stage of a three or four stage course.
- (4) The College will not consider applicants for direct admission to the final stage of an MSci or MEng course.
- (5) The College will consider the recognition of prior learning and the recording of such learning as exemption from part of a course subject to the following conditions:
 - (a) credit will be recognised only for learning which has been verified through reliable and valid assessment, unless otherwise specified as part of an institutional agreement;
 - (b) the College will only consider for the purposes of recognition of prior learning and exemption information on modules and examination results provided and certified by the appropriate officer at the institution responsible for the delivery of those modules;
 - (c) credit will not normally be recognised for learning undertaken over five years before the published start of the course at the College. Courses which are accredited by Professional, Statutory or Regulatory Bodies may place further restrictions on the recognition of prior learning;
 - (d) applications for recognition of prior learning will be considered in the context of approved modules and courses of the College. Applications for direct entry to the second stage of an undergraduate course of study are subject to approval by the relevant department, while other applications are subject to the approval of the Executive Committee for Assessment or the Head of School and the Curriculum Development Committee in the case of an institutional agreement. To this end:
 - (i) credit will only be recognised for learning in subjects and at a level appropriate to the course;
 - (ii) the modules and/or module assessment to be recognised, and the modules to be followed at the College, must together equate to an approved course in terms of the amount and level of work and the coverage of topics, including any mandatory elements.
- (6) Applicants who have already been awarded a Certificate or Diploma of Higher Education from the College and who wish to complete their undergraduate studies will be considered for admission subject to the following conditions:
 - (a) the award was not made as a result of failure to progress to the next stage of undergraduate study;

- (b) no more than five years has lapsed since award of the Certificate or Diploma of Higher Education was made.

Applicants will be required to surrender the Certificate or Diploma prior to the award of a higher qualification being made.

REGISTRATION AND ENROLMENT

3. Registration

- (1) To be eligible for registration as a student of the College, or in the case of collaborative provision by the partner institution a candidate must have applied for and been formally offered admission, and have satisfied the academic and other conditions of admission.
- (2) Registration with the College is subject to the following general restrictions:
 - (a) no student may normally register concurrently for more than one course for which the requirements of the final award have not been completed, unless special provision has been made in the course specification(s);
 - (b) no student may normally register concurrently as a student of another institution, unless s/he has been admitted as a Visiting Student or as part of an institutional agreement;
 - (c) Visiting Students may not register for courses which lead to an academic award.
- (3) Students who register with the College retain their registration status until they graduate, withdraw permanently from their course or have their registration terminated. Students are required to give notice in writing to the Director of Student and Academic Services before withdrawing. In cases of collaborative provision students are also required to give notice in writing to the partner institution.
- (4) A student's registration with the College may be terminated at any time on academic grounds under the provisions of Sections 23 and 24.
- (5) Communications sent from the College, the University of London or in the case of collaborative provision from the partner institution, to an individual student must be regarded as applying to that student only.

- (1) Save for the provisions of Section 7 (3), students must enrol each year by:
 - (a) completing the Online Sign-Up process;
 - (b) paying, or making arrangements acceptable to the College to pay the tuition fees and any outstanding debts, as outlined in the Fees Regulations;
 - (c) providing relevant documentation to verify their identity and their right to study in the UK at the outset of the course and, where required, during their studies.

In the case of collaborative provision students may have these obligations to the partner institution rather than the College.

- (2) It is a condition of enrolment that students agree to abide by and submit to the College Statutes, Regulations and Rules, as amended from time to time by the Academic Board and Council. Without prejudice to the generality of that statement, these include the academic regulations, the fee regulations, the library and computing regulations, arrangements for hearing appeals and grievances, codes of discipline, fitness to practice regulations, safety rules, and arrangements in respect of the Data Protection Act. In the case of collaborative provision students may be subject to additional statutes, regulations or rules and/or those statutes, regulations or rules in force at the partner institution. Failure to comply with any relevant statutes, rules or regulations may result in the termination of the student's registration with the College.
- (3) Enrolment gives students the right to attend classes, receive tuition or supervision and have access to relevant College facilities, subject to any particular arrangements as approved for Visiting Students and to particular arrangements set out in institutional agreements for collaborative provision.
- (4) The College, or partner institution in the case of collaborative provision, reserves the right not to enrol a student who arrives after the advertised dates without prior approval and in the absence of medical or other good cause deemed acceptable by the Director of Student and Academic Services.
- (5) Students are enrolled on a full-time or part-time basis. In order to qualify for full-time status, students must follow modules to the value of at least 75 credits in that academic year.
- (6) The amount of paid work undertaken by a student enrolled with the College, or in the case of collaborative provision with a partner institution, on a full-time basis shall not exceed 20 hours per week during term time. No student may undertake paid work which may conflict with his/her responsibilities as a student of the College or partner institution.

- (a) mandatory modules which students must take at a specific stage and which are either designated as
 - (i) non-condonable, that is, which students must pass, be allowed or from which they must be granted exemption in order to progress onto the next stage or to qualify for a specific field of study;

- (7) The College reserves the right to vary the content and delivery of courses, to discontinue, merge, or combine courses, and to introduce new courses if such action is reasonably considered to be necessary by the College. Such change may occur either before or after admission. Students will be informed, as soon as is practicable, of any substantial changes which might affect their course. The College will take steps to mitigate any disadvantage that may result from this.
- (8) The College aims to offer flexibility within courses. However, while every student will be able to take modules appropriate to the course for which s/he is registered, no timetable can guarantee that all options will be available to all students qualified to take them.

7. Period of study

- (1) Students registered for a course leading to the award of CertHE, DipHE, GradDip, BA, BMus, BSc, BSc (Econ), LLB, LLB (Senior Status), BEng, MEng or MSci are normally expected to complete the requirements for each stage in one academic year of full-time study or two academic years of part-time study unless different requirements are approved as part of an institutional agreement.

 - (c) the transfer must be approved by the department(s) or school(s) responsible for teaching the new course and that for which the student is currently registered.
 - (d) for students with Student Visa Route sponsorship a transfer may be refused in line with Student Visa Route Immigration rules.
 - (e) students may not attend a new course of study until their transfer request has been approved

- (3) A student who does not satisfy the requirements of paragraphs (1) (a and b) above may transfer to another course of study, with the approval of the department(s) or school(s) concerned, and the Director of Student and Academic Services and repeat the stage with a different diet of modules with a view to meeting the requirements at the end of the year. Where credits from the previous attempt at the stage are carried over the repeat will count as a second attempt at the stage. Credits for passed modules which can count towards the new course of study must be carried over. Credits which cannot count towards the new course of study must be excluded. Where no credits from the previous attempt at the stage are carried over, the repeat will count as a first attempt at the stage.
- (4) A student who is not permitted to continue with his/her course of studies on academic grounds, may be given permission to transfer, in the next academic year, to a similar or an entirely different

course of study in the College at the discretion of the relevant department(s)/ school(s) and subject to the provisions in paragraphs (1-2) above and any others set by the relevant department(s)/school(s). In such cases students will carry forward relevant credit and will have two attempts to pass the stage on the new course of study; however, any condonable fails from their original course of study will not be carried over as the student is deemed to be starting a new course of study.

- (2) Where in the absence of a satisfactory and adequately documented reason a student has failed to satisfy the requirements for engagement or submission of work specified for one or more modules, the Head of School or an authorised nominee may terminate that student's registration for the course under the provisions of Sections 23 and 24. For students holding a Student Visa Route, the College has obligations placed on it to report non-attendance to UK Visas and Immigration and may terminate a student's registration without following the formal warning process in Section 24.

- (1) Methods of assessment will be determined in order to measure the specific learning outcomes of each module and will be communicated to students in the module specifications.
- (2) Special arrangements may be made in order for students with disabilities and/or specific injuries or conditions to undertake assessment in accordance with the [Regulations on Access Arrangements for Assessment](#).
- (3) Department Assessment Boards have discretion to use alternative methods of assessment to those stated in the module specifications for individual candidates, either when making exam access arrangements for students with registered disabilities, or when setting a resit or first sit assessment under the provisions of Section 12: Part A (3) and Section 12: Part B (3) and Section 14 (5)(b) respectively, subject to the following requirements:
 - (a) the alternative assessment must involve some additional assessment activity which constitutes a justifiable and efficient assessment of the intended learning outcomes;
 - (b) the alternative assessment must be scheduled so that a final outcome can be agreed by the School Progression and Awards Board which considers whether the student may progress or be considered for award classification;

- (c) where alternative assessment arrangements are needed for students with registered or temporary disabilities, these must be submitted to the Executive Committee for Assessment for consideration;
 - (d) a full statement of the alternative method of assessment and the reasons for which it was used will be recorded in the minutes of the Department Assessment Board meeting.
- (4) Save for the provisions of paragraph (2) above, candidates may consult or use during an examination only those materials listed in the rubric for the examination. - (a) repeat the module and assessment, subject to availability, by registering a second (final) time in the next academic year. Such students will be required to satisfy afresh the module requirements in respect of engagement and submission of work. A student may be permitted to substitute the failed module only with another module at the same FHEQ level subject to the permission of the Course Lead. In such a case the attempt at the substituted module will be deemed a second attempt in line with paragraph (5) below;
 - (b) resit or resubmit any part of the module assessment not passed on the first attempt subject to availability and any resource constraints, by entering him/herself for assessment in that module a second (final) time without registering to attend the teaching for the module again. Except for the provisions of paragraphs (2) and (3) below, a student will be expected to resit or resubmit the assessment for modules in the next academic year after failing the first attempt.
- (2) Within the provisions of paragraph (1) above and save for the provisions of Section 15 Part A (5) where a student registered for a course leading to the award of BA, BMus, BSc or BSc (Econ), or MSci does not satisfy the criteria to progress onto the next stage of their course, the School Progression and Awards Board will normally offer the opportunity to resit or resubmit parts of the module assessment not passed on the first attempt prior to the start of the next academic year, subject to the following provisions:
- (a) the student must have already passed, been allowed, or been granted exemption from modules to a value of at least 60 credits from the stage on which the student is currently registered;

- (b) the student may only resit or resubmit the assessment from modules in which s/he has achieved a mark of at least 30% on the first attempt.

This opportunity will be offered only to students who would be in a position to satisfy all the criteria to progress onto the next stage prior to the start of the next academic year.

- (3) Within the provisions of Section 14 and save for the provision of Section 15 Part A (5) where the School Progression and Awards Board has returned an outcome of First Sit (FS) or First Sit for Repeat/ Resit (FR), the student will be permitted to complete or resubmit any part of the module assessment which has been missed or where the standard of work has been severely affected at the first attempt subject to availability and any resource constraints, by entering him/herself for assessment in that module a second time without registering to attend the teaching for the module again. A student will normally be expected to complete or resubmit the assessment prior to the start of the next academic year.

Students who have First Sits are not required to meet the requirements in (2) (a) and (b) in order to be offered the opportunity to complete the missed assessment or resubmit the affected assessment prior to the start of the next academic year.

This opportunity will be offered only to students who would be in a position to satisfy all the criteria to progress onto the next stage prior to the start of the next academic year.

- (4) Where a Visiting Student gains an overall outcome of Fail in a module, the School Progression and Awards Board will normally offer the opportunity to resit or resubmit parts of the module assessment not passed on the first attempt. The Department Assessment Board may approve an alternative form of assessment for these students, in line with the requirements of Section 11 (3).
- (5) Save for the provisions of Section 14, a student who gains an overall outcome of Fail in a module on the second attempt will not be permitted any further opportunity to resit or resubmit parts of the module assessment or to register to repeat the module for a third time.

12. PART B: Entry for assessment and re-assessment - for students who commenced their studies in or after September 2015

- (1) Save for the provisions of Section 15: Part B (7) and (8), and (2 - 7) below, the School Progression and Awards Board will normally permit a student who gains an overall outcome of Fail in a module on the first attempt to:
 - (a) repeat the module and assessment, subject to availability, by registering a second (final) time in the next academic year. Such students will be required to satisfy afresh the module requirements in respect of engagement and submission of work. Save for students holding a Student Visa Route and subject to UK Visas and Immigration requirements, a student may be permitted to substitute the failed module only with another module at the same FHEQ level subject to the permission of the Course Lead. In such a case the attempt at the substituted module will be deemed a second attempt in line with paragraph (8) below;
 - (b) resit or resubmit any part of the module assessment not passed on the first attempt subject to availability and any resource constraints, by entering him/herself for assessment in that module a second (final) time without registering to attend the teaching for the module again. Except for the provisions of paragraphs (2 -5) below, a student will be

expected to resit or resubmit the assessment for modules in the next academic year after failing the first attempt.

- (2) Within the provisions of paragraph (1) above where a student registered for a course leading to the award of BA, BMus, BSc or BSc (Econ), LLB, BEng, MEng or MSci does not satisfy the criteria to progress from the first to the second stage of their course, but has already passed, been allowed, or been granted exemption in a minimum of 60 credits, the School Progression and Awards Board will normally
 - (a) condone a Fail outcome of between 30 and 39% at the first attempt up to a maximum of 30 credits, except in the case of the LLB where all modules must be passed for progression to the second stage; and
 - (b) offer the opportunity to resit or resubmit parts of the module assessment up to a maximum of 30 credits failed on the first attempt prior to the start of the next academic year.

This opportunity will be offered only to students who would be in a position to satisfy all the criteria to progress onto the next stage prior to the start of the next academic year.

- (3) Within the provisions of paragraph (1) above and save for the provisions of Section 15: Part B (7) and those below where a student registered for a course leading to the award of BA, BMus, BSc, BSc (Econ), LLB, BEng, MEng or MSci does not satisfy the criteria to progress from the second to the third stage of their course, has a cumulative pass over the first and second stages of at least 180 credits and has already passed, been allowed, or been granted exemption in at least 60 credits at the second stage, the School Progression and Awards Board will normally
 - (a) condone a Fail outcome of between 30 and 39% at the first attempt up to a maximum of 30 credits; and
 - (b) offer the opportunity to resit or resubmit parts of the module assessment up to a maximum of 30 credits from the second stage prior to the start of the next academic year.

This opportunity will be offered only to students who would be in a position to satisfy all the criteria to progress onto the next stage prior to the start of the next academic year.

- (4) Within the provisions of paragraph (1) above and save for the provisions of Section 15: Part B (8) and those below where a student registered for a course leading to the award of LLB (Senior Status) does not satisfy the criteria to progress from the first to the final stage of their course and has already passed, been allowed, or been granted exemption in at least 90 credits at the first stage, the School Progression and Awards Board will normally offer the opportunity to resit or resubmit parts of the module assessment up to a maximum of 30 credits from the first stage prior to the start of the next academic year. This opportunity will be offered only to students who would be in a position to satisfy all the criteria to progress onto the next stage prior to the start of the next academic year.
- (5) Within the provisions of Section 14 and save for the provision of Section 15 Part B (7 and 8) where the School Progression and Awards Board has returned an outcome of First Sit (FS) or First Sit for Repeat/ Resit (FR) in line with the provisions of Section 14 (5b), the student will be permitted to complete any part of the module assessment which has been missed or resubmit any part of the module assessment where the standard of work has been severely affected at the first attempt subject to availability and any resource constraints, by entering him/herself for assessment in that

module a second time without registering to attend the teaching for the module again. A student will normally be expected to complete or resubmit the assessment prior to the start of the next academic year.

Students who have first sits are not required to meet the requirements in (2) (a) and (b) or (3) (a) or (b) in order to be offered the opportunity to complete the missed assessment or resubmit the affected assessment prior to the start of the next academic year

This opportunity will be offered only to students who would be in a position to satisfy all the criteria to progress onto the next stage prior to the start of the next academic year.

- (6) The School Progression and Awards Board will condone an outcome of Fail at the first attempt to permit progression or classification subject to the provisions in (a - l) below:
- (a) the Fail is not in a mandatory module which must be passed for progression or a specific field of study;
 - (b) the Fail outcome is between 30 and 39% for modules taken at the first or second stage of a course;
 - (c) the Fail outcome is between 0 and 39% for modules taken during the third stage of a four stage course which involves a compulsory period of extramural study, during the third stage of an MSci, the third stage of an MEng not accredited by the Institute of Engineering and Technology or the final stage of a three stage course;
 - (d) the Fail outcome is between 30 and 39% for modules taken during the third stage of an MEng accredited by the Institute of Engineering and Technology, subject to the student having achieved a cumulative pass in 330 or 345 credits across stages one to three;
 - (e) the Fail outcome is between 0 and 49% for modules taken during the final stage of an MSci or MEng not accredited by the Institute of Engineering and Technology;
 - (f) the Fail outcome is between 40 and 49% for modules taken during the final stage of an MEng accredited by the Institute of Engineering and Technology subject to the student having achieved a cumulative pass in 450 or 465 credits across stages one to four;
 - (g) no more than 30 credits may be condoned at the first stage;
 - (h) no more than 30 credits may be condoned at the second stage;
 - (i) no more than 30 credits may be condoned in the final stage; however, if the student has exceptionally been admitted to the final stage of a three or four stage course (see Section 6 (1b)), or to the third stage of an MSci or MEng in line with the provisions of Section 2 no fails can be condoned in the third stage;
 - (j) no more than 30 credits may be condoned across the three stages of a BEng accredited by the Institute of Engineering and Technology, or four stages if the student takes an extramural period of study on an intra-curricular basis;

- (k) no more than 30 credits may be condoned across the four stages of an MEng accredited by the Institute of Engineering and Technology, or five stages if the student takes an extramural period of study on an intra-curricular basis;
 - (l) for students taking an extramural period of study on an intra-curricular basis any fail outcomes for modules achieved during such a period of study will not be taken into account for the purposes of determining progression.
- (7) Where a Visiting Student gains an overall outcome of Fail in a module, the School Progression and Awards Board will normally offer the opportunity to resit or resubmit parts of the module assessment not passed on the first attempt to students who are deemed to have fulfilled the engagement and submission requirements of the module in line with Section 13 (1). The Department Assessment Board may approve an alternative form of assessment for these students, in line with the requirements of Section 11 (3).
- (8) Save for the provisions of Section 14 (5 b), a student who gains an overall outcome of Fail in a module on the second attempt will not be permitted any further opportunity to resit or resubmit parts of the module assessment or to register to repeat the module for a third time.

13. Outcomes of module assessment

- (1) In determining each module outcome for a candidate the Department Assessment Board will take into consideration:
- (a) whether the candidate has satisfied the engagement requirements stated in the module specification;
 - (b) whether the candidate has satisfied the assessment requirements stated in the module specification.
- (2) Save for the provisions of Section 13 (3 – 6) and Section 14, the Department Assessment Board will determine an outcome for each candidate, as follows:
- (a) an outcome of Pass (P) with a percentage mark, recorded as an integer between 0% and 100% inclusive, will be returned where the candidate has gained a mark of 40% or above overall and in all elements of the assessment which carry an individual pass requirement or minimum threshold pass requirement for modules at FHEQ Levels 4, 5 and 6;
 - (b) for candidates who initially registered for a course leading to the award of an MSci or MEng in or after September 2013 an outcome of Pass (P) with a percentage mark, recorded as an integer between 0% and 100% inclusive, will be returned where the candidate has gained a mark of 50% or above overall and in all elements of the assessment which carry an individual pass requirement for modules at FHEQ Level 7 in the final stage of the MSci or MEng degree;
 - (c) an outcome of Fail (F) with a percentage mark, recorded as an integer between 0% and 100% inclusive, will be returned where the candidate has gained a mark of 39% or below overall or in any element of the assessment which carries an individual pass requirement;

Students entered to resit an assessment under the provisions of Section 12: Parts A and B shall not receive an overall percentage mark greater than 40% for that module.

- (3) Students registered to repeat a module under the provisions of Sections 12: Part A (1a) and 12 Part B (1a) of these regulations may receive an overall percentage mark of 40% or greater for modules at FHEQ levels 4, 5 and 6 and an overall percentage mark of 50% or greater for modules at FHEQ level 7 taken in the final stage of the MSci or the MEng in line with paragraphs (2b) and (2d) above.
- (4) In the absence of acceptable extenuating cause, late submission of work will be penalised as follows:
 - (a) for work submitted up to 24 hours late, the mark will be reduced by ten percentage marks;
 - (b) for work submitted more than 24 hours late, the maximum mark will be zero.
- (5) Any work (written, oral presentation, film, performance) may not be marked beyond the upper limit set. The upper limit may be a word limit in the case of written work or a time limit in the case of assessments such as oral work, presentations, films or performance. In the case of presentations, films or performance these may be stopped once they exceed the upper time limit.
- (6) Subject to the provisions of Section 25 (1- 8), the outcomes of module assessment shall be final and binding on all candidates.
- (7) Marks and grades communicated to students during the academic year are subject to change and will have no formal status until they have been considered and decided upon by the appropriate Board(s) of Examiners.
- (8) Final marks and grades will be issued to candidates by the Director of Student and Academic Services after they have been determined by the appropriate School Progression and Awards Board.

14. Extenuating circumstances

- (1) Where a student's performance in the assessment was affected by adequately documented extenuating circumstances, action may be taken during the academic year or may return alternative module outcomes as set out in the paragraphs below.
- (2) Where a student is unable to complete any part of the assessment by the deadline due to adequately documented extenuating circumstances, the student may submit a request: for permission to:
 - (a) extend the deadline in line with the Extensions Policy;
 - (b) take the assessment during the academic year: in such cases the Department Assessment Board will set an assessment, identical in format to the missed assessment (e.g. in-class test) to be taken during the academic year.
- (3) Where up to one third of the module assessment has been affected, and the student has otherwise demonstrated that the learning outcomes of the module have been met, the percentage mark achieved in the unaffected assessment will be proportionately scaled up to return an outcome for the whole module, in line with the provisions of Section 13 (2-4).

- (4) Where up to one third of the module assessment has been affected, and the student has not demonstrated that the learning outcomes of the module have been met, the School Progression and Awards Board may set additional work for the student to demonstrate the learning outcomes have been met. If demonstrated, the percentage mark achieved in the unaffected assessment will be proportionately scaled up to return an outcome for the whole module, in line with the provisions of Section 13 (2-4).
- (5) Where more than one third of the module assessment has been affected, and the student has otherwise demonstrated that the learning outcomes of the module have been met, the School Progression and Awards Board may:
- (a) return an outcome of Allowed (AL) for the whole module without a percentage mark, subject to a maximum of 90 credits across the course and no more than 60 credits within any one stage;
 - (b) return an outcome of 'First Sit (FS) with a percentage mark, recorded as an integer between 0% and 100% inclusive. This outcome may only be used where the first attempt at a piece of assessment is missed or where the standard of the completed assessment on the first attempt was severely affected by extenuating circumstances. A First Sit will enable the student to take or resubmit the affected assessment with the marks achieved in the unaffected assessment and those from the First Sit used to return an outcome for the whole module, in line with Section 13 (2). Students are not permitted to take or resubmit as a First Sit any piece of assessment not severely affected by extenuating circumstances. The School Progression and Awards Board will normally only be permitted to return an outcome of First Sit (FS) for a module on a maximum of two occasions as a student is only permitted three opportunities to complete a piece of assessment. In exceptional circumstances, the School Progression and Awards Board may make an application under s 4 of the *Approval and Suspension of College Academic Regulations* to allow for an additional attempt.
 - (c) return an outcome of 'First Sit for Repeat/ Resit' (FR) with a percentage mark, recorded as an integer between 0% and 100% inclusive, where a student is repeating or resitting a failed module and one or more pieces of assessment taken as part of the repeat/ resit is missed or where the standard of the completed assessment is severely affected by extenuating circumstances. A 'First Sit for Repeat/ Resit' (FR) will enable the student to take or resubmit the affected assessment with the marks achieved in the unaffected assessment and those from the first sit used to return an outcome for the whole module, in line with Section 13 (2). Students are not permitted to take or resubmit as a first sit any piece of assessment not severely affected by extenuating circumstances. The School Progression and Awards Board will only be permitted to return an outcome of 'First Sit for Repeat/ Resit' (FR) once for a module as a student is only permitted three opportunities to complete a piece of assessment. The mark for a 'First Sit for Repeat/ Resit' (FR) will be determined in line with the provisions of Section 13 (2) and (3) depending on whether the student's assessment for a resit or repeat was affected.

 - (b) gain a Final Average of 35.0% or above;
 - (c) pass, be allowed or be granted exemption from modules from the course to the value of at least 360 credits, at least 90 of which must be from the final stage and at FHEQ Level 7 and at least 30 of which must have been taken in respect of project work, where the student first registered for the course in or after September 2010;
 - (d) pass, be allowed or be granted exemption from modules from the course to the value of at least 360 credits, at least 90 of which are from the final stage and at FHEQ level 7, and at least 30 of which must have been taken in respect of project work, and where Fail outcomes have been condoned in up to 30 credits in the first stage, in up to 30 credits in the second stage and in up to 30 credits at the third stage, where the student first registered for the course in or after September 2015.
- (8) To qualify for consideration for the award of an MSci where the student has exceptionally been admitted to the third stage of study a student must:
- (a) complete the course and satisfy the requirements on engagement and submission of work for constituent modules;
 - (b) gain a Final Average of 35.0% or above;
 - (c) pass, be allowed or be granted exemption from modules from the course to the value of at least 210 credits, at least 120 of which are from the third stage and at FHEQ level 6, at least 90 of which are from the final stage and at FHEQ level 7, and of these 90 at least 30 of which must have been taken in respect of project work. Fail outcomes can be condoned in up to 30 credits at FHEQ level 7 in the final stage of the course.
- (9) Save for the provisions of paragraph (11) below, to qualify for consideration for the award of MEng accredited by the Institute of Engineering and Technology a student must meet the provisions of (a) – (c):
- (a) complete the course and satisfy the requirements on engagement and submission of work for constituent modules;
 - (b) gain a Final Average of 35.0% or above;

- (c) pass, be allowed or be granted exemption from modules from the course to the value of at least 450 credits, at least 90 of which are from the final stage and at FHEQ level 7, and at least 30 of which must have been taken in respect of project work, and where Fail outcomes have been condoned in up to 30 credits over the first three stages (fails of 30% and above), or in 30 credits at the final stage (fails of 40% and above).
- (10) To qualify for consideration for the award of an MEng where the student has exceptionally been admitted to the third stage of study a student must:
- (a) complete the course and satisfy the requirements on engagement and submission of work for constituent modules;
 - (b) gain a Final Average of 35.0% or above;
 - (c) pass, be allowed or be granted exemption from modules from the course to the value of at least 210 credits, at least 120 of which are from the third stage and at FHEQ level 6, at least 90 of which are from the final stage and at FHEQ level 7, and of these 90 at least 30 of which must have been taken in respect of project work. Fail outcomes can condoned in up to 30 credits (fails of 40% and above) at FHEQ level 7 in the final stage of the course.
- (11) A student who has completed the course, but through illness or other grave cause judged sufficient has not met the other requirements of paragraphs (2, 3, 4, 7 and 9) above, may be considered for the award of an Aegrotat degree without distinction or class, provided the examiners are satisfied that s/he would be unlikely to meet the requirements in future and would otherwise have reached the standard required to qualify for the award of the degree. The Executive Committee for Assessment will normally consider such cases not later than the end of the academic year in which the student was last entered for examination. Once a student has been awarded an Aegrotat degree, s/he may not subsequently enter examinations with a view to gaining a classified degree.
- (12) Candidates registered for courses leading to the award of BA, BMus, BSc, BSc (Econ), LLB, LLB (Senior Status), BEng, MEng and MSci, who do not satisfy the award requirements, will be considered for the award of intermediate qualifications as follows, unless prevented by the course specification:
- (a) the award of CertHE to students who do not complete the second stage of the course, but who pass, are allowed or are granted exemption from 120 credits, including at least 90 credits at FHEQ Level 4 or above;
 - (b) the award of DipHE to students who do not complete the third stage of the course, but who pass, are allowed or are granted exemption from 120 credits at FHEQ Level 5 or above;
 - (c) the award of BSc or BEng to students who do not complete the fourth stage of a course leading to the award of MSci or MEng respectively, using the formula set out in Section 19 (2).
- (13) Any award requirements additional to those in paragraph (11) above will be stated in the course specification.

18. Calculation of final marks for a module, the Stage Average and the Final Average

- (1) The following principles shall apply with respect to the recording of marks and calculation of Stage Averages and the Final Averages:
 - (a) In cases where the summative assessment for a module is split into separate components, the marks for each component will be recorded as an integer between 0% and 100% inclusive;
 - (b) The final mark for each module will be calculated from component marks and recorded as an integer between 0% and 100% inclusive;
 - (c) Any values of 5 or above will be rounded up and any value of 4 or below will be rounded down, e.g. 0.35 would be rounded to 0.4 and 0.74 would be rounded to 0.7 when calculating to one decimal place;
 - (d) Where appropriate for the subject discipline and in cases where a component of assessment has been compromised as the result of a procedural irregularity or the range of marks significantly fails to match student performance in other components, the marks for that component may be scaled on the advice of the External Examiner. The final mark of a module normally cannot be scaled.
 - (e) In the calculation of component marks which contribute to the final mark for each module, Stage Averages and Final Averages all intermediate values that form part of the calculation should be rounded to two decimal places;
 - (f) The Final Average for a course of study will be calculated to one decimal place as outlined in Section 19.
- (2) The Stage Average is calculated from the percentage marks given for modules counting in a single stage of a course. For the purposes of the calculation, each mark will be expressed in terms of half units (15 credit units): for example, a mark of 50% in a module valued at 30 credits will be expressed as two marks of 50%.
- (3) Where a candidate has taken more than one attempt at the module assessment, the higher of the overall marks shall count in the stage the student first took the module and the lower mark(s) shall be discarded.
- (4) The Stage Average will be calculated to two decimal places in line with the provisions of paragraph (1) above as follows:

$$\frac{\text{sum of half unit marks (15 credit units) counting in that stage}}{\text{number of half units (15 credit units) normally counting in that stage}}$$
- (5) In the above formula, the divisor will be reduced by one for each 15 credit unit for which the candidate has been allowed, or for which s/he has been granted exemption.

19. Classification of candidates

- (1) Marks counting in the first stage of courses leading to the award of BA, BMus, BSc, BSc (Econ), LLB, BEng, MEng and MSci will not be taken into account when classifying candidates.
- (2) For candidates for the award of BA, BMus, BSc, BSc (Econ), BEng and LLB, the Final Average will be calculated to one decimal place as follows:

$$\frac{\text{2nd Stage Average} + 2 \times (\text{final Stage Average})}{3}$$

- (3) For candidates for the award of LLB (Senior Status), the Final Average will be calculated to one decimal place as follows:

$$\frac{\text{1st Stage Average} + 2 \times (\text{final Stage Average})}{3}$$

- (4) For candidates for the award of MSci and MEng, the Final Average will be calculated to one decimal place as follows:

$$\frac{\text{2nd Stage Average} + 2 \times (\text{3rd} + \text{4th Stage Averages})}{5}$$

- (5) For candidates who have exceptionally been granted admission to the final stage of study for the award of BA, BMus, BSc, BSc (Econ), BEng and LLB, and for the award of a top up Bachelors degree the Final Average will be calculated to one decimal place as follows:

$$\frac{\text{Sum of half unit marks (15 credit units) counting towards the final stage}}{8}$$

- (6) For candidates who have exceptionally been granted admission to the College for the third and fourth stages of study for the MSci or MEng, the Final Average will be calculated to one decimal place as follows:

$$\frac{\text{Sum of half units (15 credit units) counting towards the third and final stages}}{16}$$

- (7) Where students are permitted to return to the College to complete their studies following the award of a CertHE or DipHE in line with the provisions of Section 2, they will be classified on the basis of all marks achieved while studying at the College as set out in paragraphs (1) and (2) or (4) above as appropriate.

- (8) Subject to the provisions of paragraph (9) below, the classification of candidates for the award of BA, BMus, BSc, BSc (Econ), BEng, LLB, LLB (Senior Status), MSci and MEng will be determined from the Final Average as follows:

70.0% or above	First Class Honours
60.0%–69.9%	Upper Second Class Honours
50.0%–59.9%	Lower Second Class Honours
40.0%–49.9%	Third Class Honours
35.0%–39.9%	Pass

- (9) A candidate for the award of BA, BMus, BSc, BSc (Econ), LLB, LLB (Senior Status), BEng, MSci and MEng who satisfies both the following criteria will automatically be raised into the next class:

- (a) the Final Average must be within 2.0% of one of the classification boundaries in paragraph (8) above;
 - (b) the marks for at least 60 credits counting in the final stage must be above the relevant classification boundary.
- (10) The award of CertHE or DipHE under the provisions of Section 17 (12) will be classified on a Pass/Fail basis only. Arrangements for the classification of Certificate and Diploma awards will otherwise be set out in the course specification.
- (11) The award of GradCert and GradDip will be classified on a Pass/Fail basis only, unless provision is made in the course specification for the award of Merit or Distinction.

20. Field of study

- (1) A field of study shall be determined by the examiners for each candidate recommended for the awards made under the provisions of Section 17 in accordance with the following principles:
- (a) the field of study shall be descriptive of the modules included in the course, but it shall be based only on a consideration of those modules the candidate has passed;
 - (b) modules with a pass requirement for a specific field of study may be stated in the course specification;
 - (c) the levels of pass are not relevant in determining the field of study.
- (2) Except where a single subject is appropriate, and save for any provision made in the course specification, the subjects named in the field of study shall be determined as follows:
- (a) the conjunction 'and' will be used where two subjects studied have approximately equal importance and each subject constitutes at least one third of the credits passed overall, including a minimum of 30 credits in the final stage and at FHEQ Level 6 or a minimum of 30 credits in the final stage and at FHEQ Level 7 in the case of the MSci or MEng;
 - (b) the conjunction 'with' will be used where a major subject, constituting at least half of the credits passed overall, has been taken with an essential supporting subject, constituting at least one quarter, but less than one third of the credits passed overall, including a minimum of 30 credits in the final stage and at FHEQ Level 6 or a minimum of 30 credits in the final stage and at FHEQ Level 7 in the case of the MSci or MEng;
 - (c) comprehensive titles may be used where appropriate.
- (3) Where a candidate has failed one or more modules with a pass requirement for a specific field of study, the School Progression and Awards Board may recommend that s/he be given an alternative field of study, be awarded the degree without a field of study or be given the opportunity to resit or resubmit the assessment for modules in the following academic year in accordance with the provisions of Section 12: Part A (1) or Section 12: Part B (1).

21. Release of award classification results

- (1) Award classification results and notification of the field of study will be issued to candidates by the Director of Student and Academic Services after they have been determined by the School Progression and Awards Board and/ or the Executive Committee for Assessment

22. Failure to meet the requirements for the award

- (1) Save for the provisions of paragraph (4) below, candidates who after completion of the course fail to meet the requirements for award of the degrees of BA, BMus, BSc, BSc (Econ), LLB, LLB (Senior Status) or BEng must either:
 - (a) enrol with the College on a full- or part-time basis in order to repeat modules in accordance with Section 12: Part A (1a) or Section 12: Part B (1a) as appropriate (such students may additionally enter to resit or resubmit the assessment for modules in accordance with Section 12: Part A (1b) or Section 12: Part B (1b) as appropriate);
 - (b) resit or resubmit the assessment for modules in accordance with Section 12: Part A (1-5) or Section 12: Part B (1- 5) or without enrolling with the College.
- (2) Save for the provisions of paragraph (4) below, candidates registered for a course leading to the award of MSci or MEng who, after completion of the course, fail to meet the requirements for award of the degree of MSci or MEng respectively at the first attempt will withdraw from the course of study and accept the award of the degree of BSc or BEng, respectively, under the provisions of Section 17 (2).
- (3) Students are expected to seek and take into serious account the advice of their department(s) / school(s) when deciding a course of action after failing to meet the requirements for the award.
- (4) The School Progression and Awards Board may terminate a student's registration with the College for failing to meet the requirements for the award under the provisions of Section 23 (2).

TERMINATION OF REGISTRATION FOR COURSES ON ACADEMIC GROUNDS

23. Academic grounds for termination of registration

- (1) Academic grounds on which a student's registration with the College may be terminated may include one or more of the following:
 - (a) failure to satisfy the requirements for progression to the next stage of his/her course;
 - (b) failure to gain the award of the course;
 - (c) failure to produce set work of a satisfactory standard in coursework or examinations;
 - (d) failure to engage satisfactorily;
 - (e) failure to produce set work.
- (2) The School Progression and Awards Board may terminate a student's registration with the College on the grounds set out in paragraph 1 (a) and (b) above without following the formal warning procedure or may terminate a student's registration after only one attempt in cases where at least one formal warning has been issued.

- (3) A Head of School or authorised nominee may make a recommendation to the Senior Vice-Principal (Education) or nominee to terminate a student's registration for a course on any of the grounds set out in paragraph 1 (c) – (e) above, in the absence of a satisfactory and adequately documented reason for the failure(s). In such cases the formal warning procedure set out in Section 24 of these regulations will be followed. For students holding a Student Visa Route, the College has obligations placed on it to report non-attendance to UK Visas and Immigration and may terminate a student's registration without following the formal warning procedure.
- (4) The Director of Student and Academic Services or a nominee shall write to each student whose registration has been terminated through the formal warning procedure informing him/her of the decision and the reasons for it, of the right to appeal against the decision and the appeal procedure (Section 26), and of the date by which any appeal must be submitted.

24. Formal warning procedure

- (1) Any formal warning issued relates to the student's course registration.
- (2) Before making a recommendation to the Senior Vice-Principal (Education) or nominee that a student's registration should be terminated, Student Administration, will issue the student with two formal warnings by letter on behalf of the Heads of School, or authorised nominees. Each letter shall state the reason(s) for the warning, the nature of any requirement made of the student in order to demonstrate improvement and the period of time within which this is to be done in order for the student to avoid his/her registration being terminated. The second letter of formal warning shall state the fact that it is the final warning.
- (3) Normally four weeks, or three weeks in the case of modules taught over only one term, will elapse between the first and second formal warnings in order to give adequate time for the student to demonstrate a satisfactory level of improvement. The period of time between warnings may be shortened as appropriate in the case of courses delivered over less than an academic year or in the case of students studying at the College or a partner institution for less than one academic or calendar year.
- (4) At each warning the student will be offered the opportunity to submit a written response and/or to meet with the Head(s) of School or authorised nominees in order to discuss the grounds for the warning. The student may be accompanied at the meeting by another student or member of staff of the College. On provision of a satisfactory and adequately documented explanation for the student's record of attendance, academic performance or productivity Student Administration may set the warning aside. This decision will be confirmed to the student by letter. Formal warnings which have not been set aside will remain active for the duration of the student's course of study.
- (5) If after the second letter of formal warning there is insufficient improvement, the Head(s) of School or authorised nominee may recommend that the student's registration should be terminated. Student Administration will present the case to the Senior Vice-Principal (Education) or nominee, who will make a final decision based on the particular circumstances.

APPEALS

25. Appeals against the outcomes of Boards of Examiners

- (1) The College's appeals process against the outcomes of Boards of Examiners includes two stages as outlined below:
 - (a) a formal stage;
 - (b) a review stage.
- (2) A student may appeal against the outcome of an assessment only on one or more of the following grounds:
 - (a) that the student's performance in the assessment was substantially affected by circumstances of which the examiners had not been made aware and which the student could not with reasonable diligence have disclosed before the outcome had been determined;
 - (b) that there were procedural irregularities in the conduct of the assessment, or administrative errors, which might cause reasonable doubt as to whether the outcome would have been the same if the irregularities or errors had not occurred;
 - (c) that there is evidence of bias on the part of one or more of the examiners such that the outcome should not be allowed to stand.

A student cannot appeal against academic judgement, which includes, but is not limited to marks awarded for assessed work and outcomes following decisions to accept/ reject extenuating circumstances.

- (3) Appeals must be submitted in writing by the student to the Director of Student and Academic Services within 15 working days of the date on which the student was formally notified of the outcome of the Boards of Examiners. The student's submission must include:
 - (a) a statement of all the matters which the student wishes to be investigated and taken into account, which specifies how these matters relate to the grounds for appeal in paragraph (2) above and lead the student to believe that the outcome of the assessment was unfair;
 - (b) a statement of the student's desired outcome from the appeal;
 - (c) copies of all documentary evidence on which the student wishes to rely in the appeal, and where relevant an explanation for why the student was previously unable to submit any of the evidence or information for consideration by the examiners;
 - (d) in the case of appeals made in reference to paragraph (2) (c) above, a signed record by the student of all comments or remarks made by the examiners which, in the student's view, indicate bias.
- (4) The Director of Student and Academic Services or his/her nominee may dismiss any appeal which in his/her opinion does not fall within the remit of these regulations, fails to present reasonable grounds or fails to provide sufficient evidence in support of the student's claims. Where there are inadequate grounds for an appeal or insufficient evidence, the Director of Student and Academic

Services or his/her nominee may give the student one opportunity to address the deficiencies before deciding to dismiss the appeal. Where the appeal does not fall within the remit of these regulations the Director of Student and Academic Services or his/her nominee may recommend an alternative route for consideration of the student's concerns. If an appeal is considered by the Director of Student and Academic Services or his/her nominee to be frivolous or malicious, the student may be liable for disciplinary action under the Student Disciplinary Regulations.

- (5) Appeals which are not dismissed under the provisions of paragraph (4) above will be investigated by an investigating officer from Student Administration. Normally the investigation will be conducted through written correspondence and may include requests to any individual or party for representations, additional information or an expert opinion. The investigating officer may also decide to meet with one or more individuals as part of the investigation, in which case a written record will be kept of any matters arising during the meeting which are relevant to the investigation and would be likely to influence the outcome. Where the investigating officer decides to meet with the student, the student may be accompanied by another student or member of staff of the College, otherwise all such meetings shall be held in private.
- (6) A student who wishes to abandon or withdraw an appeal at any stage must inform the Director of Student and Academic Services immediately in writing. The investigating officer will then determine how to proceed, taking account of the available evidence and the matters raised by the student in the appeal.
- (7) Following his/her investigation, the investigating officer will decide on one of the following outcomes of the formal stage.
 - (a) reject the appeal, in which case the original outcome of the Boards of Examiners shall stand.
 - (b) ask the original examiners to reconsider their decision, the outcome of which shall be final.
 - (c) set the original assessment aside and arrange for another assessment to be conducted, the outcome of which shall be final. The investigating officer in consultation with the Director of Student and Academic Services may make stipulations about the conduct of the assessment.
- (8) In addition to the provisions of paragraph (7) above, the investigating officer and/ or the Director of Student and Academic Services may make any recommendations which s/he deems to be appropriate in the light of his/her investigation.
- (9) The Director of Student and Academic Services or investigating officer will inform the student in writing of his/ her decision and the reasons for it, the student's right to take the academic appeal to the review stage, the procedures and time limit for doing so and where and how to access support in this regard.
- (10) If a student chooses not to take the appeal to the review stage, or fails to do so within the given time limit of 10 working days s/he can request that the College issue a Completion of Procedures letter.
- (11) On receipt of the written outcome of the formal stage of the appeals investigation as outlined in paragraph (10) above, a student may request a review of their appeal but only on one or more of the following grounds:

- (a) fresh evidence can be presented which could not with reasonable diligence have been submitted with the initial appeal and which might cause reasonable doubt as to the fairness of that decision;
- (b) there is evidence of a failure to follow the procedures set out in these regulations which might cause reasonable doubt as to the fairness of the decision;
- (c) the decision was perverse given the evidence which was available at the time.

An appeal must have been considered at the formal stage as outlined in paragraphs (2) – (10) above before a student can request a review as outlined in paragraph (11) above.

(12) Requests for a review must be submitted in writing by the student to the General Counsel, Legal and Compliance Directorate within 10 working days of the date on which the student was formally notified of the initial outcome of their appeal.

(13) The student's submission requesting a review must include:

- (a) a statement of all the matters which the student wishes to be investigated and taken into account, which specifies how these matters relate to the grounds for review in paragraph (11) above and lead the student to believe that the outcome of the initial investigation was not reasonable in all the circumstances;
- (b) a statement of the student's desired outcome from the review;
- (c) copies of all documentary evidence on which the student wishes to rely in the review, and an explanation for why the student was previously unable to submit any of the evidence or information for consideration at the initial stage of the appeal investigation.

(14) The General Counsel, Legal and Compliance Directorate or his/her nominee may dismiss any request for review which in his/her opinion does not fall within the remit of these regulations, fails to present reasonable grounds or fails to provide sufficient evidence in support of the student's claims.

(15) The review request will be considered by the General Counsel, Legal and Compliance Directorate or his/ her nominee who has not been involved in the investigation at the formal stage of the appeals process. The designated member of staff will determine one of the following courses of action:

- (a) dismiss the request for a review;
- (b) refer the matter back to the formal stage for reconsideration;
- (c) refer the case to a Review Panel for consideration.

Exceptionally the General Counsel, Legal and Compliance Directorate or his/ her nominee (the investigating officer) may decide to refer an appeal to a Review Panel for further consideration without the student having requested this prior to the issuing of a Completion of Procedures letter as outlined in paragraph (13).

(16) The Review Panel will comprise the Senior Vice-Principal (Education) or nominee as Chair, two members of academic staff, normally one of the School Directors of Education and a Chair or

Deputy Chair of a Department Assessment Board both from the School in which the student is studying and the Head of the Academic Quality and Policy Office or his/ her nominee. The investigating officer or his/ her nominee will act as Secretary to the Panel. The investigating officer shall be responsible for setting the date and place of the review, for notifying members of the Review Panel and the student of the arrangements, and for sending copies of all relevant documentation to members of the Panel and the student in advance. The student may be accompanied by another student or member of staff of the College, otherwise all such meetings shall be held in private. Where a student is unable or unwilling to attend, s/he may submit a written statement for consideration.

(17) The Review Panel will decide on one of the following outcomes.

- (a) reject the request for review, in which case the initial findings of the investigation by the investigating officer shall stand;
- (b) ask the original examiners to reconsider their decision, the outcome of which shall be final;
- (c) set the original assessment aside and arrange for another assessment to be conducted, the outcome of which shall be final. The Review Panel may make stipulations about the conduct of the assessment.

(18) A student who wishes to abandon or withdraw a request for review at any stage must inform the General Counsel, Legal and Compliance Directorate immediately in writing. The investigating officer will then determine how to proceed, taking account of the available evidence and the matters raised by the student in the appeal.

(19) The General Counsel, Legal and Compliance Directorate or investigating officer will inform the student in writing of the decision of the Review Panel and the reasons for it, clarify that the internal appeals procedures of the College have been completed and of his/her right to request that the College's decision be reviewed by the Office of the Independent Adjudicator for Higher Education.

(20) In addition to the provisions of paragraph (17) above, the Review Panel may make any recommendations which they deem to be appropriate in the light of their review of the case.

26. Appeals against the termination of registration through the formal warning procedure

- (1) A student may appeal against a decision to terminate his/her registration on one or both of the following grounds:
 - (a) that there is evidence of a failure to follow the procedures set out in Section 24 which might cause reasonable doubt as to the fairness of the decision to terminate the student's registration;
 - (b) that fresh evidence can be presented which the student could not with reasonable diligence have disclosed before the decision to terminate his/her registration was made and which might cause reasonable doubt as to the fairness of that decision.
- (2) Appeals must be submitted in writing by the student to the Director of Student and Academic Services within 15 working days of the date on which the student was formally notified of the decision to terminate his/her registration. The student's submission must include:

- (a) a statement of all the matters which the student wishes to be investigated and taken into account, which specifies how these matters relate to the grounds for appeal in Section 26 (1) and lead the student to believe that the decision to terminate his/her registration was unfair;
 - (b) a statement of the student's desired outcome from the appeal;
 - (c) copies of all documentary evidence on which the student wishes to rely in the appeal, and where relevant an explanation for why the student was previously unable to disclose any of the evidence or information.
- (3) The Director of Student and Academic Services or his/her nominee may dismiss any appeal which in his/her opinion does not fall within the remit of these regulations, fails to present reasonable grounds or fails to provide sufficient evidence in support of the student's claims. Where there are inadequate grounds for an appeal or insufficient evidence, the Director of Student and Academic Services or his/her nominee may give the student one opportunity to address the deficiencies before deciding to dismiss the appeal. Where the appeal does not fall within the remit of these regulations the Director of Student and Academic Services or his/her nominee may recommend an alternative route for consideration of the student's concerns.
- (4) Appeals which are not dismissed under the provisions of Section 26 (3) will be investigated in the first instance by an investigating officer from Student Administration. The student's registration will normally be provisionally reinstated pending the outcome. The investigation will be conducted through written correspondence and may include requests to any individual or party for representations, additional information or an expert opinion.
- (5) The findings from the investigation by the investigating officer will be presented in writing to a Senior Vice-Principal or nominee who did not make the decision to terminate the student's registration, who will determine one of the following courses of action:
- (a) to reinstate the student's registration in full subject to any conditions which s/he may wish to impose;
 - (b) to confirm the decision to terminate the student's registration;
 - (c) to convene an Appeals Committee under the provisions of Section 26 (6) to investigate the matter further through a formal hearing.
- (6) The Appeals Committee will comprise the Senior Vice-Principal as Chair, the Head of School in which the student has studied, two other members of academic staff from School(s) in which the student has studied, but not from the student's department(s), and a member of the Students' Union. The investigating officer shall be responsible for setting the date and place of the hearing, for notifying members of the Committee and the student of the arrangements, and for sending copies of all relevant documentation to members of the Committee and the student in advance. The Appeals Committee may invite one or more representatives from the student's department or school to attend all or part of the hearing for the purpose of answering questions. The student may be accompanied by another student or member of staff of the College to assist in presenting his/her case, otherwise the hearing will be conducted in private.
- (7) A student who wishes to abandon or withdraw an appeal at any stage must inform the Director of Student and Academic Services immediately in writing. The investigating officer will then

determine how to proceed, taking account of the available evidence and the matters raised by the student in the appeal.

- (8) The Director of Student and Academic Services or investigating officer will inform the student in writing of the decision of the Senior Vice-Principal or nominee and the reasons for it, as well as the student's right to request that the decision be reviewed by the Office of the Independent Adjudicator for Higher Education.

EXTRAMURAL STUDY

27. Course of extramural study

- (1) The College may offer courses which require students to study abroad, in the field or in an industrial or professional setting. Requirements for the period of extramural study, including those of engagement and submission of work, will be stated in the course specification. In exceptional cases, the College may grant exemption from the period of extramural study for students whose personal circumstances would make it inappropriate, and stipulate alternative requirements for such students as it sees fit. The arrangements for any study abroad should normally be facilitated by the Centre for the Development of Academic Skills (CeDAS).
- (2) A student following a course leading to the award of BA, BMus, BSc, BSc (Econ), BEng, LLB, MSci or MEng may be permitted to spend a period of between one academic term and one academic year at another institution of University status in the UK or abroad on either an extracurricular or intra-curricular basis. The following conditions apply:
 - (a) the student must have completed one stage of his/her course through study at the College, and have satisfied the requirements for progression to the next stage, before commencing the period of extramural study;
 - (b) no student may undertake extramural study in excess of one year over the duration of the course except where this is a requirement set out in the course specification;

Appendix A: Integrated Foundation Year Regulations

These regulations should be read in conjunction with the regulations governing Undergraduate degrees. The following regulations govern a Year 0/ integrated foundation year offered as part of a Bachelors Degree or Integrated Masters. In respect to all other matters, the Undergraduate Regulations apply. Where the Undergraduate Regulations refer to stages of a course of study the stages referred to exclude the foundation year which is regarded as Year/ stage 0. Further details are set out in the Course Specification.

Period of Study

- (1) The normal period of study for a four year course with an integrated foundation year (Year 0) will be four years for a Bachelors course of study and five years for an Integrated Masters course. The maximum period of study for courses with an integrated foundation year is six years for a Bachelors course and seven years of an Integrated Masters course.

Structure of course

- (2) The foundation year will consist of 120 credits at FHEQ level 3. No module in the course will be identical to or will significantly overlap with, the content of modules on the undergraduate courses to which successful students might progress.

Outcome of module assessment

- (3) The pass mark for each module which forms part of the foundation year is 40%.

Progression

- (4) In order to progress from the foundation year to the first stage of a course leading to the award of BA, BSc, BEng, MEng or MSci a student must meet the requirements in (a) and either (b) or (c) below:

- (a) achieve a Stage Average, calculated to two decimal places, of 40.00% or above;
- (b) pass, be allowed or be granted exemption from modules in the foundation year to the value of 120 credits; or
- (c) pass, be allowed or be granted exemption from modules to the value of between 90 – 105 credits and achieve a Fail outcome of at least 30% in the remaining credits at the first attempt. Any modules designated as mandatory (non-condonable) in the course specification must be passed with a mark of 40% or above.

Where students meet the requirements to progress from the foundation year to the first stage of an undergraduate Bachelor's course but have Fail outcomes as indicated in paragraph (c) above, the School Progression and Awards Board will condone these fails at the first attempt and permit the student to progress.

- (5) Any condonable fails awarded in line with (4) above will not count towards the number of condonable fails permitted across the first two years of study of a Bachelors or integrated Masters degree course.

- (6) Where a student's performance in the assessment was affected by adequately documented extenuating circumstances, the School Progression and Awards Board may take action as outlined in Section 14 of the Undergraduate Regulations, which includes offering the student the opportunity to take First Sits in the affected pieces of assessment in the summer vacation assessment period.
- (7) Where a student does not satisfy the criteria to progress from year 0 to the first stage of an undergraduate course but has already passed, been allowed, or been granted exemption in a minimum of 60 credits, the School Progression and Awards Board will normally
- (a) condone a Fail outcome of between 30 and 39% at the first attempt up to a maximum of 30 credits;
 - (b) offer the opportunity to resit or resubmit parts of the module assessment up to a maximum of 30 credits failed on the first attempt prior to the start of the next academic year. This opportunity will be offered only to students who would be in a position to satisfy all the criteria to progress onto the next stage prior to the start of the next academic year.

- (10) A student who has successfully completed the foundation year by passing at least 90 credits with condonable fails of 30 – 39% in up to a maximum of 30 credits, and who chooses not to continue onto an undergraduate course at the College will receive a certificate. The certificate will be a record of achievement on the foundation course, rather than an award, and so shall not indicate an overall pass or fail.
