No idea what to ask an employer at the Spring Fair? Here are some suggestions:

• What do you enjoy about working for this company?
• How did you get started in your career?
• What sort of graduate/internship roles do you offer?
• What is a typical day like in the role?
• What opportunities are there for career progression?
• What makes a good candidate for your company/industry?
• How do you ensure that the application process is fair?
• How can I make my application stand out?
• What can I do while I am at university that will help me get into this sector?
• What are your company values?
• What diversity & equality initiatives do you have in place for your employees?
